PROFILE

Hi, I'm Ali Sotoudeh, a recent graduate from Monash University, Melbourne, originally from Iran. I hold a degree in Information Technology with a major in Software Development. My journey in software development has been both challenging and exciting, providing me with a robust foundation in both front-end and back-end technologies. With a keen interest in crafting elegant and efficient solutions, I am constantly honing my skills to stay at the forefront of the ever-evolving tech landscape. My experience includes creating and maintaining databases, developing user-friendly interfaces, and managing client communications within an Agile workflow. I am passionate about leveraging my technical expertise and problem-solving abilities to contribute to innovative projects and drive successful outcomes.

ALI SOTOUDEH

Software Developer

EDUCATION

Monash University
Feb 2020 – Sept 2024 (WAM~65)
Majoring in Software Development with coursework in Web Fundamentals, Programming in Java, and IT Project Management. Achieved High Distinction in Object-Oriented Design and Implementation. Experienced in industry projects and mobile app development.

WORK EXPERIENCE

Wealtheon - Full Stack Web Developer
February 2024 – June 2024
In my recent web development project, I was responsible for creating and maintaining the database, ensuring efficient data storage and retrieval. I handled all aspects of front-end development, including UI/UX design and implementation. Additionally, I managed client communication, gathering requirements and providing regular updates. I operated within an Agile workflow, participating in sprint planning, daily stand-ups, and iterative development cycles.
